ABOUT PARKER MARINE

FOUNDED 2010
Larose, Louisiana

Parker Marine Services operates a versatile fleet of vessels strategically positioned to support Gulf Coast customers across the Pipeline, LNG, Construction Support, Oil & Gas, and Coastal Restoration sectors. Our fleet is designed to deliver safe, reliable, and efficient marine solutions tailored to the unique demands of each market.

Parker Marine Services was founded in 2010 as an owner-operated company with a single vessel. Since then, we have steadily expanded our fleet and capabilities to meet the evolving needs of our customers and the markets we serve. While our operations have grown, our commitment to safety, our employees, and customer satisfaction has remained at the core of our business and continues to guide everything we do.

SERVICES

- **Towing**
- **Pipeline Construction, Repairs & Maintenance**
- **Crew Transport**
